

Phyzioline Clinic ERP Buyer Guide

Use this guide to evaluate Phyzioline Clinic ERP for your physical therapy clinic in Egypt and MENA — scheduling, EMR, billing, packages, WhatsApp reminders, and optional desktop install.

Updated: 2026-08-31 · Pricing in EGP unless noted

Who Phyzioline is built for

- Private PT clinics in Egypt and the wider MENA region
- Arabic/English workflows, EGP pricing, and Paymob checkout
- Cash clinics and Egypt-first insurance contracts — not US Medicare/clearinghouse RCM
- Multi-specialty rehab: orthopedic, pediatric, neuro, sports, and more

SaaS plans (web + phone)

Same clinic software in the browser and on your phone. Desktop installer unlocks after a paid Professional or Enterprise plan, or via one-time desktop license below.

Plan	Monthly	Yearly	Best for
Free Start free forever — patients, appointments, and basic records. Upgrade when you grow.	0 EGP	—	• Up to 30 patients • 2 staff (therapist + front desk) • Appointment scheduling • Basic patient records
Professional Best for growing clinics — billing, WhatsApp, SMS reminders, and analytics.	599 EGP	6,469 EGP	• Up to 200 patients • Up to 8 staff • Patient invoices & payments • WhatsApp + SMS reminders
Enterprise Unlimited capacity, multi-branch, API, and dedicated success support.	1,299 EGP	14,029 EGP	• Unlimited patients & staff • Multi-branch support • API access & integrations • White-label / branding

Desktop — one-time license

Install on your clinic PC. Includes onboarding Zoom with our team. Cloud SaaS subscription is separate unless you also need web billing features.

Tier	Price	Includes
------	-------	----------

Standard Desktop License One-time desktop license with onboarding Zoom session — core clinic operations on your device.	7,899 EGP	• Windows / macOS desktop installer • Onboarding Zoom session with our team • EMR, scheduling & patient records (up to 200 patients) • Billing & invoicing • Basic reports
Premium Desktop License Full desktop license with unlimited capacity, multi-branch, API, and dedicated success support.	14,999 EGP	• Everything in Standard • Unlimited patients & staff • Multi-branch support • API access & integrations • White-label / branding

Clinic ERP capability checklist

What Phyzioline includes for day-to-day clinic operations in MENA.

Area	Phyzioline Clinic ERP
Market	Egypt & MENA
Language & payments	Arabic/RTL, EGP, Paymob
EMR & episodes	SOAP notes, assessments, 9 PT specialties
Scheduling	Calendar, waitlist, check-in queue
Reminders	WhatsApp + SMS + email
Billing	Invoices, packages, dynamic pricing
Insurance	Egypt contracts & claim packs
Home exercise program	Clinic assignment + patient view (growing)
Desktop offline	Windows desktop option

Evaluation questions before you buy

1. How many therapists, reception staff, and active patients do you manage today?
2. Do you need WhatsApp appointment reminders (Professional+) or email-only is enough (Free)?
3. Is billing mostly cash/packages, insurance, or mixed?
4. Do you need multi-branch or API integrations (Enterprise)?
5. Will reception use web/phone only, or do you want a desktop app on the front-desk PC?
